Oleg Tabachnikow

Web Developer

As a highly motivated full-stack developer, my experience covers Israel and United States. I have extensive experience building single page applications with a variety of programming languages. I constantly seek to improve my developer skill set by completing additional courses and staying up-to-date with the latest trends and technologies. In fact, I was even requested to return and teach certain courses due to my proficiency and soft skills.

Experience

○ 2023

Edeal Inc | United States of America

Frontend Web Developer

Conceptualized and developed a comprehensive, reusable component library, streamlining the development process and promoting consistent design across projects.

○ 2022-2023

Get Robo VPN | Russia

Frontend Web Developer

Developed a responsive and user-friendly Single Page Application (SPA) for seamless integration into the Telegram Web App Bot.

○ 2022

Yandex | Israel

Teacher Assistant

Diagnosed and resolved complex coding issues, provided one-one mentorship to a group of over 70 students, and enhanced students' understanding of best practices in web development.

○ 2022

Ava Mind | Israel

Frontend Developer

Developed a responsive and user-friendly Single Page Application (SPA). Assumed a leadership role in strategizing project roadmap, effectively coordinating with key stakeholders to maintain alignment throughout the development process.

Education

○ 2021-2022

Yandex & Masterschool

Full stack Web Development

○ 2018-2019

Masa

Web Design

○ 2017

Polotsk State University

Economics and Enterprise Management
